

Course title (in alphabetic order)	Responsible institution and location	Year	ECTS
Applied Plotting, Charting and Data Representation in Python	Coursera.org	2019	1,7
Bioinformatics I - Finding Hidden Messages in DNA	Coursera.org	2015	4
Bioinformatics II - Genome Sequencing	Coursera.org	2016	4
Convolutional Neural Networks	Coursera.org	2018	1,4
Convolutional Neural Networks	Coursera.org	2019	2,1
Improving Deep Neural Networks: Hyperparameter tuning, Regularization and Optimization	Coursera.org	2019	1,5
Introduction to teaching and learning	Online/Aarhus University	2017	0,7
Learn to programme: The fundamentals	Coursera.org	2019	2,5
Nature Masterclasses - Focus on Peer Review	masterclasses.nature.com	2017	0,3
Neural Networks and Deep Learning	Coursera.org	2019	1,8
Neural Networks and Deep Learning	Coursera.org	2020	1,8
Sequence Models	Coursera.org	2019	1,7
Statistics in Medicine	Online/Stanford University	2014	10,8
Statistics in Medicine	Online/Stanford University	2017	10,8
Statistical Reasoning for Public Health 1: Estimation, Inference, and Interpretation	Coursera.org	2015	7,2
Statistical Reasoning for Public Health 2: Regression Methods	Coursera.org	2015	4
Statistics in Medicine	Online/Stanford University	2015	10,8
Statistics in Medicine	Online/Stanford University	2016	10,8
Statistics in Medicine	Online/Stanford University	2018	10,8
Statistics in Medicine	Online/Stanford University	2019	7,2
Statistics in Medicine	Online/Stanford University	2020	10,8
Structuring Machine Learning Projects	Coursera.org	2018	0,4
Structuring Machine Learning Projects	Coursera.org	2019	0,7
